

Item Name : PERSONAL PROTECTION EQUIPMENT KIT P.P.E. KIT

Item Code : 20001

Item Description :

Quantity : 1 No.

Size : Free Size (Height 167cm-187cm)

Colour : White, Blue, Green

Description : Non-woven coverall with elasticated hood

(70% polypropylene / 20% polyethylene).

(Total 90GSM) With Blue sealing tape

Fastening : Zip under flap. Elasticated waist, ankles, cuffs and round head.

Materials : Non-woven (70% polypropylene / 20% polyethylene)

Strong points : Antistatic Individual pack

Instructions for use : Coveralls providing limited protection against liquid chemical products and toxic dust such as asbestos for example. For optimal protection, wear the coveralls closed. Use solvent-resistant adhesive tape, at the sleeves, ankles and hood to ensure sealing at the hands, feet and head. To don the coveralls: Unzip the zip. Pull the trousers over the legs. Pull the coveralls up over the torso. Insert the arms into the sleeves. Close the zip and pull the hood over the head. To remove the coveralls: Unzip the zip, remove the hood, the sleeves and finally the trousers.

Instructions for Cleaning / Maintenance: Disposable coveralls, no maintenance possible. Dispose of after use. Disposal is limited only by any possible contamination that may have occurred during use.
