

GLACIER INDIA (ISO,CE,WHO,GMP,FDA 17025:2017 Certified)

Item Name: Magnetising and Demagnetising Coil

Item Code: 3141.2008.01

Item Description:

The Magnetizing and Demagnitizing Coils low voltage and is suitable for magnetizing and demagnetizing ordinary magnets, iron bars, strips, etc. It comprises of a solenoid wound with insulated copper wire which is mounted on a base complete with switch and 4mm terminals.

- Solenoid 250mm long x 35mm internal diameter Demagnitizing by a.c. only
- Operating voltage 12V a.c. or d.c. at 6A Magnetizing by a.c. or d.c.
